DIARY NOTES

DD/S

29 September 1969

1. Advanced Intelligence Seminar: In reference to the 26 September paper on this subject submitted by Hugh Cunningham, Director of Training, I called him for a further explanation as to the substance of this seminar proposal. Cunningham advised that it had the full concurrence of Ed Proctor, DD/I, and the DD/I Intelligence Review Course will be cancelled. DD/P was not willing, however, to cancel their Clandestine Service Review Course as they wanted to retain the CSR until they had seen how the Advanced Intelligence Seminar worked out. Additionally, DD/P did not want to discuss in seminar form some of their operational problems and criteria in such a diverse group as would be represented by this seminar. Additionally, there are other changes proposed and under consideration which are in the sense of establishing a seminar for DD/P operations at the middle and senior level officer. If this is developed, it may change the CSR to a certain degree. Also there are proposals to eliminate a great degree of the detailed instructions in the Operations Course on both trade-craft and reporting systems and postponing this type of instruction until the officer is about to depart on an overseas assignment. All in all, DD/P with OTR is effecting a readjustment of several of its courses which later might have a further impact upon the Advanced Intelligence Seminar. The first course under this proposal is to start 3 November and will be a pilot running. There may be further adjustment in the course content. Additionally, it is considered that all representatives going to senior service schools would take this course as a prerequisite. While Mr. Cunningham indicated he would run into some roadblocks in DD/P, he does not consider this to be a major change and his determination to effect other changes will be on a more gradual basis rather than a dramatic single change.

25X1A

2. Allen Dulles Papers: I saw [REDACTED] on Monday, 22 September, and he reported that he had completed the survey of the Dulles papers, separating out those to be retained in the Agency and those that could be returned to the Estate. On 29 September [REDACTED] reported that he had had a Security officer review personally the papers selected by [REDACTED] to be returned to the Dulles Estate. Security was surprised to ascertain that there were 101 classified documents in these files ranging from Confidential to Top Secret. The search has not been completed and presumably a few more will be found. I directed that the search be continued and all classified documents separated. At this point there is no explanation as to why [REDACTED] would have overlooked the classified documents as it was clearly stated and understood that all classified materials would remain in the Agency unless we chose to specifically declassify any particular document. After we have done some more checking, we will contact [REDACTED] and ask him how this circumstance could have developed.

DD/S Diary Notes - continued

In light of this development, there is now a question as to how thoroughly and what judgment factors [REDACTED] used in screening this material. I think it would be well that we have a quick individual review and we discussed the possibility of [REDACTED] conducting this review.

[REDACTED] will explore the availability of any present or retired employee who had some experience in the Front Office. Meantime I will advise the Executive Director of our findings and our proposal to use another officer to conduct this additional screening.

MEMORANDA

SECRET EYES ONLY

23

26 September 1969

Executive Committee Morning Meeting Notes

25X1A

1. [REDACTED] was present vice John Bross and [REDACTED] vice Tom Karamessines.

25X1A

2. Jack Smith reported on the proposed new four-level distribution plan and I'm not clear on which documents will be which. The top level is the Director's list of nine names, including the Attorney General, Under Secretary of State, and Deputy Secretary of Defense. The second is called the Elite distribution and it goes to Assistant Secretary level. The third is called the Sub-cabinet list and it goes down to country director. The fourth, as I understood him, is called the Secret list. Responding to the Director's question, he indicated that they propose to dry-run the new PDB in the next three or four days and possibly would have it live the end of next week.

25X1A

3. Mr. [REDACTED] suggested a letter to Under Secretary Richardson providing information on the estimative background of a particular paper. The Director enthusiastically endorsed this idea (indicated he would be happy to send the letter to Mr. Laird and Mr. Kissinger as well), commenting that this would be a part of the necessary "education" of the new Administration.

25X1A

John W. Coffey

DD/S

25 September 1969

25X1A
25X1A
25X1A
25X1A

Agency Film: On this date we reviewed a running of the proposed Agency film at the National Capital Film Laboratory. Those present were Ed Proctor and [REDACTED], DD/I; [REDACTED], OTR; [REDACTED] and DD/S. It appears that we now have a film that moves quite well and can be used as a vehicle for Agency briefings. There are several further revisions to be made which have been tabulated by Mr. [REDACTED]. We will eliminate the conference scene by [REDACTED], and we will probably re- take the Carl Duckett scene in order to be able to make a better transition within the film for this sequence. [REDACTED] will redraft Duckett's remarks and submit them to Ed Proctor and DD/S for approval. Mr. [REDACTED] is to review the script on Nixon's speech at the Agency auditorium to see if there is another passage which could be selected and would better fit the sequence of the film. If we can't work out this sequence, it may be we will have to simply quote his most pertinent remarks and eliminate the actual film part of the President. The scene in which we show the printing of a number of copies of the PDB will be eliminated and we will simply show one still picture of a PDB. With these changes, I think we will have a good film and will then present it for a running to the DCI and the Executive Committee.

DIARY NOTES

DD/S

24 September 1969

1. Inter-Directorate Personnel Rotation: The DCI recently expressed interest in the inter-Directorate rotation of personnel. His interest and ideas were not explained, but he used Hugh Cunningham and Howard Osborn as examples --each with experience in at least three Directorates. My belief is that he is thinking of inter-Directorate exchange at a lower level so that certain officers can develop this experience before they reach the senior officer level, GS-17/18. Accordingly, on 24 September I gave the task to Bob Wattles to come up with a plan for the inter-Directorate rotation of officers. Wattles in turn briefed his staff who were assigned the problem. No deadline was set, but I asked that the plan be submitted as soon as possible.

DIARY NOTES

DD/S

22 September 1969

1. Lump Sum Payment--Daniels Bill: This morning I met with the Executive Director and the General Counsel to consider the legal propriety of making lump sum payments for retirees in Calendar Year 1969 after 1 January 1970. Presumably a number of Agency employees will want to retire 15 October to take advantage of the increases in the annuity payments but would like to have their lump sum leave payment made in the next year. It was agreed that Larry Houston would check this with Internal Revenue Service and advise of his findings.

25X1A . 2. Parade Magazine--Item of 21 September: Reference was made to the item in Parade Magazine reference CIA murders and reporting to the Government. The DCI asked [REDACTED] to draft a proposed letter to Walter Scott of Parade Magazine and asked in turn that the Deputies pass judgment and advise either their concurrence in the letter or whether a letter should be sent at all.

3. Symington Inquiry--Pincus and Paul: At the Executive Committee meeting there was a discussion of Jack Maury's meeting with Pincus and Paul and their developing inquiry into currency manipulation in Vietnam. They are proposing a big show with representatives from all the principal agencies engaged in Vietnam and the establishment of a public record on the inquiry. Ken Bellieu at the White House has been stated to be an Executive Branch coordinator. We have been further informed that Ambassador McClintock has been designated to coordinate all Government appearances before the Symington group on this hearing.

DIARY NOTES

DD/S

18 September 1969

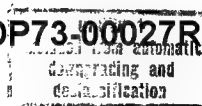

Information Processing--Management of: In reference to the DCI instruction on ADP management dated 3 September 1969, a number of discussions were held as to what would be the policy direction from the Executive Director in the management of this program. Mr. [REDACTED] had presented the DD/S views to the Information Processing Coordinators, but apparently these views did not "take" and were not really reflected in any subsequent briefing or papers proposed by Mr. [REDACTED] or by John Clarke. I called Clarke the first part of the week of 15 September, expressing my viewpoints and philosophy asking for a centralized review at the conceptual stage. I further advised that I would establish a Technical Facilities Committee to review any and all such computer applications. I also took the opportunity to speak along these lines to the Executive Director voicing this philosophy. Today I personally handed to the Executive Director our paper expressing our concept and philosophy together with two versions of the directive. I asked the Executive Director if he would personally read these because it was rather important and the decision reached now would set the policy for a long time to come. It was an opportunity which should be taken advantage of if he concurred in this philosophy. While we have not seen the final paper as yet, I gather that some impact resulted because I had a subsequent call from John Clarke reflecting concurrence in the concept of the paper. We must necessarily wait and see. In the meantime, I propose to proceed with the establishment of the Technical Facilities Committee.

~~SECRET~~

MEMORANDUM FOR: Deputy to the DCI for National Intelligence
Programs Evaluation
Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science & Technology
Deputy Director for Support

SUBJECT: Management of Information Processing

REFERENCE: Memo dated 3 Sept 69 to above from DCI,
Subj: ADP -- Management

1. The Director has requested that the Executive Director-
Comptroller take steps to strengthen the coordination and management
of information processing activities.

2. The following matters should be given prompt attention:

a. A study conducted to clarify the roles and responsibilities
of the Central Reference Service, DD/I, and the Office of Computer
Services, DD/S&T, in the area of ADP support to production.
More specifically we need to determine whether the system under
consideration in CRS is compatible with other systems, what
support it will require, and what changes in current planning, if
any, are in order.

b. A report prepared by the DD/S on the status of ACT and
the result of the consultants' study on that system with particular
reference to the cost effectiveness.

c. Agency regulatory issuances relating to the Information Processing Coordinator mechanism and the Information Processing Staff reviewed and revised in order to clarify roles and responsibilities and formally strengthen the coordination process.

3. In due course, similar studies should probably be made on SIPS, SIDES, COINS, and perhaps other ADP-related programs, and studies prepared relating to training and career development of ADP personnel to provide the basis for recommendations for improvement in this area.

4. The Director of Planning, Programming, and Budgeting, to be assisted by the Information Processing Staff, is responsible for preparing terms of reference, assuring the involvement of all interested Agency components, and making recommendations to me on these matters.

5. On a continuing or longer term basis:

a. Each Deputy Director should review the validity and priority of ADP tasks integral to his operations and assure the most efficient and effective use of ADP resources.

b. Specific approval should be sought from this office before funds, regardless of amount, are actually committed for the acquisition of additional computers or central processing units.

This applies even if plans to acquire such equipment had previously been reviewed in the programming and budgeting process.

c. The Agency Five-Year Plan for ADP should be brought up to date and maintained by O/PPB in collaboration with the Directorates. The plan should address Agency-wide policy and resource questions relative to information processing activities, set forth priorities on an Agency basis for major programs using ADP resources, and identify improvements needed in organization for ADP.

d. The Director/PPB, in collaboration with the Deputy Directors and Directorate Information Processing Coordinators, is to review information processing plans and activities of the Agency and report on them regularly to me.

DIARY NOTES

DD/S

18 September 1969

25X1A

1. [REDACTED]: With the concurrence of the Executive Director that we write off the erroneous deposit of \$1,334.32 to the account of Mr. [REDACTED] I talked to [REDACTED] as to the method of notifying Mr. [REDACTED]

25X1A

25X1A

25X1A

[REDACTED] In view of the proper legal interpretation of the application of the recent law, it was felt that to put this in writing would be inadvisable and accordingly Mr. [REDACTED] will notify Mr. [REDACTED] orally. [REDACTED] will write a Memorandum for the Record following his conversation.

25X1A 25X1A

25X1A

25X1A

2. [REDACTED]: Dr. Tietjen advised he is about to medically disqualify the subject for part-time employment with the Agency (RID/ADP). Both parents are employed by the Agency and the father is serving in Vietnam. The disqualification is based on psychiatric grounds, immaturity, and a suicide attempt several years ago. The boy is 17 years old. I asked that Bob Wattles first talk to [REDACTED] in RID to ensure that he understands, and then Mr. Wattles is to talk to [REDACTED] mother. After laying this groundwork, formal action of disqualification can take place.

25X1A

25X1A

25X1A

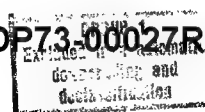

25X1A

3. [REDACTED] advised that [REDACTED] has been completely cleared by the Defense Department of any improper dealings occasioned by his assistance to a Soviet official on a D. C. public highway. This was the incident where [REDACTED] stopped to aid a disabled motorist who turned out to be a Soviet official, and during the course of his assisting that official he was jumped by a gang of hoods who robbed him. The matter was investigated as to whether there was anything improper in this contact.

EXECUTIVE COMMITTEE MEETING MINUTES

ADD/S

12 September 1969

1. DDCI in the chair since the Director is attending a special NSC meeting. The DD/I reported excellent results of the most recent photo mission.

2. I reported on the GAO survey of AID contracts with Air America.

3. Mr. Duckett called attention to an item in Newsweek which reflected a leak from a classified publication. It appears that the Newsweek information must have come from a Navy publication which has a very limited by-name distribution of approximately 25 copies. Mr. Duckett stated that he had instructed Dr. Chamberlain to be in touch with Mr. Osborn to press this particular leak. (I subsequently talked to Howard Osborn who confirmed that Chamberlain had been in touch with [REDACTED] in his absence.

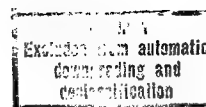

25X1A

25X1A

4. [REDACTED] mentioned that [REDACTED] is due back today or over the weekend.

SECRET EYES ONLY

EXECUTIVE COMMITTEE MEETING MINUTES

ADD/S

11 September 1969

1. I reported on this morning's minor fire in the Ames Building cafeteria area.

25X1A

2. Mr. Maury reported that [REDACTED] advised him that the Pentagon is upset by Senator Symington's demands for contingency plans. Mr. Maury also noted a Top Secret letter to a member of Congress whose name I did not get signed by a DoD/ISA officer which quoted extensively from a NIE. The Director asked Mr. [REDACTED] to try and draw up some rules which would cover release to the Congress of this type information and noted his intention to write a letter to Secretary of Defense Laird on this point.

25X1A

25X1A

3. Mr. [REDACTED] reported the discussion yesterday with Army General Counsel and the fact that a decision is expected soon on the matter of trials.

4. Mr. Bross noted that the State Department would like Under Secretary Richardson briefed on the target oriented display before he meets with the Director (presumably 22 September). The Director agreed that such a briefing should be given.

5. Mr. Karamessines protested the State Department's action which has effectively stood down all U. S. Government activities in Libya.

6. General Cushman asked for assessments on the spectacular advances in Laos. The combination of Mr. [REDACTED] and Mr. Karamessines acknowledged that the friendly forces had made more progress this year than in previous equivalent portions of the year but that it was expected that they would as usual be knocked back. Mr. Karamessines stated the hope that General Vang Pao would not move so far toward the North Vietnamese border that the enemy could come in behind him and clobber him.

25X1A

7. The Director noted that he would be tied up Friday with an early NSC meeting and would be away over the weekend and then at Maxwell Field Monday. He asked and the DD/I confirmed that the text for the Maxwell Field talk will be ready today.

8. The Director noted a number of points from the NSC meeting. He also stated that Senator Symington wanted a number of people, including the DCOS Vientiane, to appear before the Subcommittee (which includes Senators Fulbright, Mansfield and [REDACTED]). The Director noted the importance of preparing the statement which [REDACTED] will make to the Committee.

SECRET EYES ONLY

[Handwritten signature]

EXECUTIVE COMMITTEE MEETING MINUTES

ADD/S

10 September 1969

1. DD/I reported a letter from USIA thanking [REDACTED] for the "scoop" on the Ho Chi Minh death--apparently [REDACTED] got the word around before anyone else and in time to enable VOA to have it on the air some 10 minutes later.

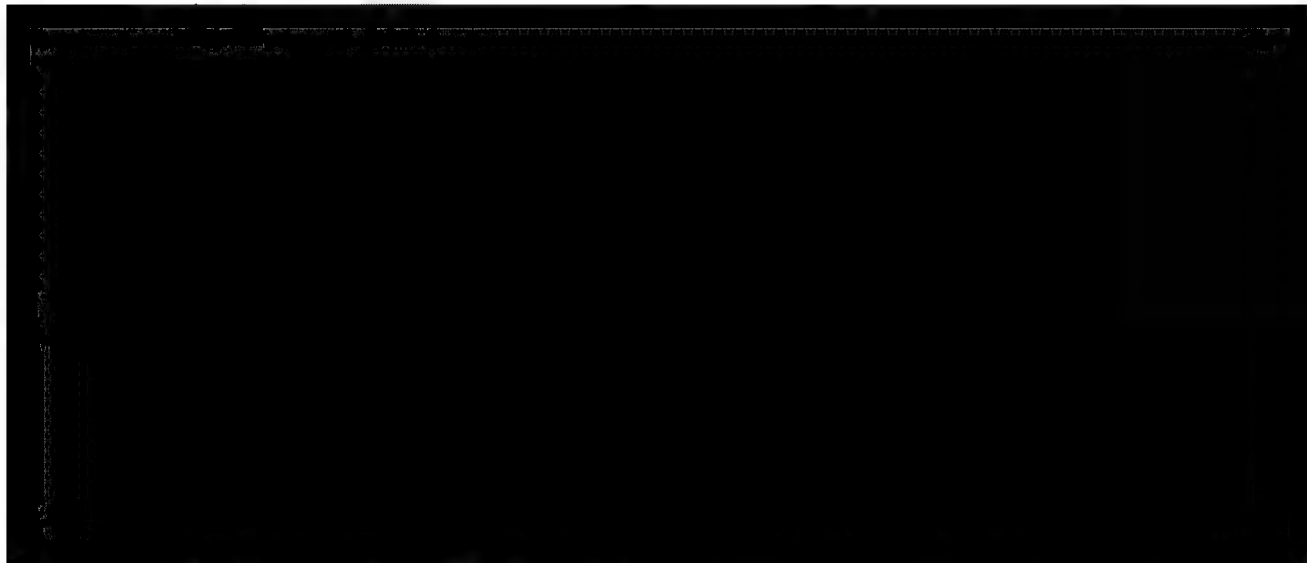

25X1A

25X1A

2. Mr. Maury reported that Senator Symington is pressing NSA for information concerning the numbers of people overseas and their activities. He also reported a 40-minute bull session with Senator Fulbright.

3. Mr. Bross noted a telephone conversation with General Carroll who apparently is recovering well from his surgery. General Carroll said also that he had seen a new Tally book which will be out very soon which is devoid of fact.

25X1A

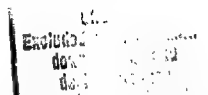

6. General Cushman "hoped" that we would make available to other chiefs of station and especially those serving theatre commanders the lessons we have learned from the Green Beret case. Mr. Karamessines assured that this is being done.

25X1A

SECRET EYES ONLY

SECRET EYES ONLY

8. Mr. Goodwin noted that he had received from Universal a movie/TV script which apparently has the title "CIA" and which presumably highlights the Philby case. He said that the movie company seems to have ideas of having this validated by the Agency and to have a considerable amount of the filming take place at Agency Headquarters.

DIARY NOTES

ADD/S

9 September 1969

25X1A

25X1A

25X1A

25X1A

*1. I approved the plan for a scheduled power outage for 0900, 13 September, affecting emergency power only. This will cover corridors b, c and d on all seven floors and will last between 15 and 20 minutes. It will require re-setting of [REDACTED] alarms and electronic controls and probably the clocks in the Director's suite. I asked [REDACTED] to be sure that this was coordinated with OS and that we protect against [REDACTED] problems for the DCI Duty Officer. [REDACTED] will be on duty himself that morning. My approval was in part the result of the Director's statement that he would not be here this weekend.

2. I gave [REDACTED] the notification of his IMM with apologies from you that you could not personally hand him the papers.

*Extract to Mr. Pearson

EXECUTIVE COMMITTEE MEETING MINUTES

ADD/S

9 September 1969

25X1A

25X1A

1. Other than Mr. [REDACTED] sitting in for Mr. Stewart, the regular members attended. I reported my conversation with [REDACTED] yesterday to the effect that we should plan that the Vice President will not attend but that [REDACTED] still hopes to find the opportunity to persuade him otherwise hoping to have him come here prior to a proposed October visit to NSA. The Director again reminded that he wants from us the proposed remarks for him to make 18 September. (OP has been asked to have these available with the proposed total program by COB 11 September.)

25X1A

2. Mr. Maury reported that the latest Agency paper on the Ervin Bill was delivered to the Committee staff yesterday by OLC after the FBI had informed the DD/S that it preferred not to be mentioned in our paper and deletions have accordingly been made.

3. Mr. Bross reported on the session that [REDACTED] had with General Maxwell Taylor concerning information handling and the Baker panel's negative report on the lack of progress on the Community problem. General Taylor desired to discuss the subject prior to sending the panel report to the Board.

25X1A

4. Mr. Karamessines stated the CS expectation that the Elbrick kidnapping will be followed by other attempts (one apparently in the making in Santo Domingo). He stated that instructions had been sent to posts in Latin America on this subject including preventative or protective suggestions. He stated that instructions to posts in other areas (coordinated with OCI) are being prepared. (At our Noon Meeting I asked Mr. [REDACTED] to find out what instructions had been issued and also whether OS was involved)

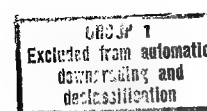

25X1A

5. Colonel White reported an invitation from General Cabell for the Agency to talk with him in connection with requests to him to provide comments to the blue ribbon panel studying DoD over all and separately to Mr. [REDACTED] on intelligence. The Director designated Mr. [REDACTED] to talk to General Cabell on these questions.

DIARY NOTES

ADD/S

8 September 1969

25X1A

25X1A

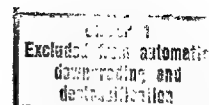

1. Mr. [REDACTED], FBI, called 8 September to say that the Bureau preferred that all reference to the Bureau be deleted from our paper on S. 782. I passed this to Mr. Maury and suggested that I [REDACTED] get together with [REDACTED] to go over the draft and decide how the deletion would be accomplished. Mr. Maury agreed to this plan of action but expressed the view that it should be relatively easy to make the deletions. 25X1A

* * * * *

2. I advised Mr. Wattles of the status of the 18 September ceremony and asked that he draft suggested remarks for the Director. He will do so and we will then check these with the other Deputies and Colonel White.

EXECUTIVE COMMITTEE MEETING MINUTES

ADD/S

8 September 1969

1. General Cushman, Larry Houston and Carl Duckett were not present. (I learned later that Duckett had had car trouble.) Mr. [REDACTED] was present having apparently been on extended leave. The Director asked for assurance that the new Administration is adequately informed on what we know of the North Vietnamese hierarchy.

25X1A

25X1A

2. The Director told Mr. [REDACTED] that he wanted to be sure that we were ready for the upcoming visit of the Shah and he commented generally about being ready for the visit of Ambassador McArthur to the Agency--both of these apparently in reference to [REDACTED]

25X1A

3. The Director asked that the DD/S call Kent Crane concerning the Vice President's participation in the 18 September ceremony. (I talked to Kent Crane who said that he had been unable to find the right moment to re-open the subject with the Vice President. He proposed that we should proceed on the basis that the answer remains "no" but that he will, should the right time appear, urge the Vice President to reconsider. Crane said NSC is pressing for the Vice President to visit Fort Meade in October and he, Crane, would like to have him come first to CIA. Crane also said that right now the Vice President is almost totally occupied concerning Senator Dirksen's death. I told Crane that we would complete our plans without the Vice President but asked that he let us know toward the end of the week if there is any change.) He (Mr. Helms) also "assumed" that we are preparing remarks for him to make at this ceremony assuming that the Vice President will not be here. In the latter connection he said that he wanted to be sure that whoever was drafting would keep in mind that the Director is speaking for the whole Agency and not in a parochial sense. He further instructed that what is drafted should be checked out with the other Deputies and Colonel White. (Colonel White subsequently explained this rather sharp needle as being the outgrowth of a speech drafted by OTR for the Director's delivery to the Air War College and the National War College. Mr. Helms had given this speech to Colonel White who is not happy with it and had in turn consulted with and given the job of revision to Jack Smith. [REDACTED] from DD/I is producing a speech which will be available Wednesday. Colonel White also is unhappy about the late arrival of the draft which made it difficult to assure proper review before the speech date.)

~~SECRET EYES ONLY~~

25X1A

4. Mr. Maury mentioned Pincus and Paul in connection with Comint in Turkey--Mr. [REDACTED] will be involved since he is now back. The Director apparently has a very tight schedule this week which seems to include two and possibly three NSA meetings and a session with Senator Symington.

5. The Director noted that he had arranged for Under Secretary Richardson to come for lunch and a chat about the Agency on 22 September, the first mutually available date. More will be said about this later.

6. The Director indicated that he would be in New York next weekend and will then be going to the Air War College--the reason why he was anxious to have the Air War College speech very soon.

25X1C

7. I reported that Mr. Bush had attended on 5 September the first meeting of a group we understood were to consider [REDACTED]. The meeting, chaired by Mr. Bartimo, Assistant DoD General Counsel, indicated that he was serving temporarily as Chairman. Mr. Bush reported that the discussion was limited to the non-appropriated club problem and contractor practices. He does not believe that currency per se will be discussed. Mr. Bush will continue to attend committee meetings the next of which is scheduled for 15 September.

DIARY NOTES

DD/S

4 September 1969

1. Career Training Program--Status of: The Executive Director inquired as to the status of the revision of the Career Training Program and whether the appointed Directorate representatives were participating. I advised that Mr. Cunningham was preparing the basic paper and that when ready it would be coordinated with the Directorate representatives for consideration. I understand that Mr. Cunningham will have this paper available shortly after he returns from leave on 8 September. The Executive Director is to be so advised.

25X1A

2. Vietnam--Currency Manipulation: George Carver called to advise that State Department is creating a committee of Defense, AID, State, and CIA representatives to consider the problems of currency manipulation in Vietnam so as to be responsive to Congressional inquiries that will develop in this area. I advised George that Les Bush should be the Agency representative with Tom [REDACTED] as his alternate. Bush and [REDACTED] will be expected to fully coordinate their activities with FE Division, DD/P.

DIARY NOTES

DD/S

2 September 1969

License Numbers of Agency Employees: Howard Osborn outlined several steps to assure that there will be no repetition of the noting of license plates of Agency employees as they enter the compound. I suggested an alternative which would bolster the continuous coverage of the front entrance on Route 123 by the construction of a small guardpost shack on the right-hand side of the exit on 123 when leaving the Agency compound. Osborn will take this under consideration and will prepare the necessary papers for approval.
